A SPECIAL THANK YOU

We would like to take this opportunity to say Thank You to a very special person. That person is Robert Normandin of Middle Winchendon Road. Mr. Normandin owns a company called RAN Engineering Corp, which is located in Winchendon, Mass. He also owns a building located at 304 Route 119 in Rindge. It is the former H.W. Aho building.

Back in July, we called Mr. Normandin, out of the blue, to ask him if he would consider letting us use his building (half of which had not been occupied for a good two years) to house the Town Offices temporarily. He not only said he would consider it, but asked if we wanted to look at it that very night.

As you all know, we looked at it and occupied it in the middle of August. When we asked him what it would cost us to rent the building, Mr. Normandin replied that he didn't want us to pay rent. He felt it was the least he could do for the Town of Rindge. Mr. Normandin expected us to occupy his building for three or four months, but we have been here several months longer. He has saved the taxpayers a considerable amount of money. We would all like to say Thank You very much for your generosity to the Town of Rindge. You are truly a selfless person and we appreciate all you have done for the Town. Again, **Thank You!!!**

We would also like to thank all those who helped us make the move, Ray Gagne and All Pro Paint for all the work that was done inside the building, the Austins for their donation of flowers for under the temporary sign, Bob Hughgill and Larry Harris for all the work on the counter by Amy's desk, and the Highway Crew, and all the office employees who spent the week working so hard to make the move look easy. If we have missed anyone, we apologize, but Thank You to all who helped.

Sincerely,

Scott C. Douglas, Chairman
Robert C. Hughgill
David A. Aho

ARTICLE 2: Do you favor adoption of the Town Manager Plan as provided in Chapter 37 of the Revised Statutes Annotated? (Submitted by Selectmen) (Recommended by the Selectmen)

ARTICLE 3: Are you in favor of amending the Zoning Ordinances of the Town of Rindge as proposed by the Planning Board and printed as follows:

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 1, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To amend Article 1, Preamble, to include a list of all currently existing Land Use Ordinances and Regulations?.

(The purpose of this amendment is to allow the Board, to list all existing land use ordinances by title, so that there is one all inclusive list of Land Use Ordinances and Regulations.)

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 2, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To amend Article III, General Provisions, A & B. D. & I by adding the title of "Code Enforcement Officer" as having the authority to issue building, sign and occupancy permits, and changing references to the "Code Enforcement Officer to "Building & Fire Safety Inspector"?

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 3, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To amend Article IX by changing the title of the section to "Nonconforming Uses and Buildings" and by replacing paragraphs B & C with new paragraphs which shall read as follows?:

B. A lawful nonconforming use may be changed to a different nonconforming use upon the granting of a special exception by the Board of Adjustment when said Board is satisfied that the proposed use meets the requirements imposed by Article XI, and provided the proposed use is determined by the Board to be more in conformity with the permitted uses in the district than the existing use.

C. A lawful nonconforming building may be altered or expanded upon the granting of a special exception by the Board of Adjustment when said Board is satisfied that the proposed alteration or expansion meets the requirements imposed by Article XI, and provided the alteration or expansion will not further violate dimensional requirements.

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 4, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To amend Article XI by changing the title to "Board of Adjustment/Special Exceptions", identifying the introductory paragraph as A, and replacing paragraphs A, B & C with a new paragraph B as follows?:

B. The Board of adjustment shall approve those Special Exceptions provided by this Ordinance, subject to the following criteria: If, after presentation, including a review of the plan, showing the location, layout, a scale drawing and location of any signs and utilities, the Board, in its judgment, finds that the use will not create excessive traffic congestion, noise, or odors, nor tend to reduce the value of surrounding properties, has adequate sewage and water facilities and sufficient off-street parking, and will preserve the attractiveness of the Town, said use shall be granted.

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 5, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To amend the Shoreline Protection Ordinance, Section 9-C, by including language that would allow the replenishment of beach sand, by permit from the State Wetlands Board which would read as follows:

C. Filling for the purpose of replenishment of beach areas requires a permit from the New Hampshire Wetlands Board in accordance with RSA 482-A:et. seq.?

ARE YOU IN FAVOR OF ADOPTING AMENDMENT NO. 6, AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE GENERALLY DESCRIBED AS FOLLOWS: To renumber and reorder the ordinance to correct cross reference information that may have been changed and other typographical and or clerical revisions as necessary?

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of $1,829,970, as posted, which represents the operating budget for the year 1996. Said sum does not include special articles addressed. (Submitted by the Selectmen) (Recommended by the Budget Committee)

ARTICLE 5: To hear and act upon the reports of the Selectmen, Town Treasurer, Town Clerk, and reports of all agents, committees and officers heretofore chosen.

ARTICLE 6: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town, gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of Six Thousand Eight Hundred Dollars ($6,800.00) for the purchase of a Konica 2125 Copier for use at the Town Office. (Submitted by the Selectmen) (Recommended by the Selectmen) (Recommended by the Budget Committee)

ARTICLE 8: To see if the Town will vote to rescind the action taken at Town Meeting on March 2, 1976, specifically to rescind Warrant Article #28, which directed the Selectmen to apply for eligibility in the National Flood Insurance Program, to rescind Article #29, a resolution implementing the local portion of said program and to rescind Article #30 which adopted a local floodplain building regulation pertaining to said program. (A vote to rescind will direct the Selectmen to take any and all necessary actions to withdraw the Town from participation in said program.) (Submitted by the Selectmen)

ARTICLE 9: To see if the Town will vote to appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose (Police Equipment) up to but not exceeding, Nineteen Thousand Dollars ($19,000.00) for the purchase of a Police Cruiser. (Submitted by the Police Department) (Recommended by the Selectmen) (Recommended by the Budget Committee)

(Submitted by the Selectmen)

ARTICLE 28: To see if the Town will vote to urge our representatives to the General Court of New Hampshire and the United States Congress to pass laws reforming electoral campaign financing, thus returning the political process to the will of the people and encouraging the participation of candidates with great ability and limited means. Measures to accomplish this may include, but not be limited to, the following:

1. Sharp limitations on all forms of contributions to candidates, including soft money contributions (contributions to political parties);
2. Maximum spending limits per election linked to geographic and demographic makeup of each state and district, such as $1.00 per voter;
3. Sharp limitations on all forms of spending to influence elections, including independent expenditures;
4. Sharp limitations on contributions to and spending by political action committees; and
5. Remedies, such as free broadcast time, postal subsidies and democratic (public) financing to balance inequities between credible candidates, incumbent and challenger, rich and poor.

(Submitted by Petition)

ARTICLE 29: To take up any other matter that may properly come before this meeting.

Given under our hands and seal this 7th day of February in the year of our Lord, Nineteen Hundred and Ninety-Six.

REPORT OF THE SELECTMEN

1995 was the year for the Town to concentrate on major projects to improve our infrastructure and to resolve outstanding problems. Many major projects were undertaken, several have been completed and the rest are still in progress. These projects included: replacing the heating plant in the Town Meeting Hall/Church, renovations and additions to the Town Office, town-wide reassessment of property, a water system for Payson Hill Road residences and replacement of our computer system with new workstations on a computer network.

The heating plant in the Town Hall/Church has been replaced and is in full operation. The original plant was installed in 1947 and was in very poor condition. The new heating plant is a highly efficient combination forced hot air and forced hot water system. There were some initial start-up problems, but these have been resolved and the system is working very well. We would like to thank Dana Hastings for his efforts in monitoring and problem resolution on this project.

The additions/renovations to the Town Office building are proceeding well. We have a new heating system and new windows which will eliminate the temperature control problems of the past. All new lighting has been installed making it easier to see what you are working on. Computer network and telephone wiring was installed in the walls, eliminating the many wires hung on the walls and run across the floors. The added space will relieve over-crowded working conditions and provide space for almost any meeting we have. The quality of work from our contractor is excellent and we will be proud to move back in just after Town Meeting in March.

Town-wide reassessment of property was completed in 1995. We have converted from the manually generated state tax cards to computer generated cards. At tax bill time, assessment data is transferred electronically from the assessment software to the tax billing software. This is a major improvement in efficiency, eliminating the manual calculations and key punching necessary under the old way of doing business.

The project to provide a solution to the domestic water problem on Payson Hill Road is ongoing. There were some initial delays in getting all the agreements necessary and in getting the pumping tests completed, but these have been resolved. The wells have been proven, and initial water quality tests have been completed. The Wetlands permit has been received. Property surveys, subdivision and purchase should be complete by Town Meeting. The contractor is ready to begin construction as soon as possible this spring. We expect completion by early summer.

This past year we replaced our old computer system with a new one. The old system used proprietary hardware and software and was purchased in 1987. It had been expanded to capacity by 1992 and repair parts were rapidly becoming unavailable. Our new system is a network of Windows-based Pcs. These workstations allow sharing of data over the network as well as the use of other applications such as word processing and spreadsheets when not in use for financial operations. As mentioned above, the requirement to take the output from one program and manually enter it into another will be reduced and eventually eliminated. The suppliers of our tax card software, Avitar, and our financial software, Business Data Solutions, worked together with the town to create this improved way of doing business.

In 1995 the town received a $12,500 grant from Walmart which paid for the cost of the new storage shed at the Recycling center. This shed allows us to store bales of recyclables so we can ship full loads of one item, realizing a better return and improving efficiencies. Our thanks to Walmart for supporting our recycling program.

Personnel changes in 1995 began with the hiring of Tara Belliveau as Recreation Director. Tara comes to us from Hookset, NH and has a diverse background in her field. Welcome, Tara. Selectman Robert Whitney resigned in June to accept a new job in New York. David Aho graciously agreed to fill out the remainder of R.D.'s term. In addition, the Selectmen regretfully accepted the resignation of our Road Agent, Peter Anderson. Peter had been with the town for 18 years and his knowledge and experience will surely be missed.

With the resignation of our Road Agent, the Selectmen have begun a review of town administrative operations. We have had discussions among ourselves and input from concerned citizens. It is from those discussions that we decided to support the initiative for a Town Manager and deliberately did not advertise for the Road Agent's position. Should the town choose to not have a Town Manager, we will recommend to the incoming Board of Selectmen that they immediatly post the Road Agent's position and hire a replacement. We expect a lot of discussion on this topic and hope to see you at Town Meeting.

One important change in town operations should be noted. 1995 was the first year of semi-annual tax billing. Due to this change, we have reduced the amount of borrowing in anticipation of taxes. In the past, we borrowed in January, March and October in the amounts of hundreds of thousands to millions of dollars. The cost of this borrowing ranged up to $120,000 per year. Last year we borrowed only once, that was $500,000 in September at a cost of $8,300. In 1996, we will probably not borrow at all. This change will save the town an average of $100,000 each year. We all owe a very big thank you to Dale Thompson for his efforts in bringing this change about.

We would be remiss if we did not extend our gratitude to all of the Town's employees. It is their dedication and hard work that keeps the town operating as effectively as it does. To all of you, we say Thank You!!

In summary, we would like to thank all of you who participate in town government. When you are appointed or elected to a board or committee, or when you participate in the discussions and voting on Town Meeting day, it is your participation that makes our town government work.

BOARD OF SELECTMEN
TOWN OF RINDGE, N.H.

REPORT OF THE BUDGET ADVISORY COMMITTEE

During the past year, the Budget Advisory Committee met Selectmen at various times to review expenditures and to develop the 1996 budget proposal. Since November, one of the Selectmen has attended meetings of B.A.C. as required in the original warrant article that established the committee. This has fostered improved communications and helped to clarify issues under discussion. In particular, it has resulted in a very positive improvement in relations between the two groups. In addition, committee members attended meetings concerning the Capital Improvement Plan and one of its members served on the Budget Advisiory Committee for the Jaffrey-Rindge Cooperative School District.

The 1996 budget, without warrant articles, is 3.2% higher than 1995. The projected increase for the 1996-97 school, although relatively small and without salary increases, will add 1.9% to that budget. At this time, we do not know what impact any teacher salary increases might have or how the county budget looks. It is also difficult to compare this year's. There were articles last year that used a large amount of surplus funds. This year, we have a few of those although there is one that continues last year's Payson Hill water project. The B.A.C. urges voters to look closely at propsed warrant articles, especially those which involve new expenditures.

The increase in the Town's budget would have been higher if savings had not been realized on interest on tax anticipation notes which decreased from $100,000 in 1994 to $8,200 this past year. This is a direct result of semi-annual tax bills. Another area of savings is the reduction in solid waste budget due to a new contract with the Winchendon landfill and trash haulers.

Increases are noted in almost every department due to increased services and, most noticeably, maintenance/repair costs materials to town buildings. Repairs are planned for the Highway Department garage and fire station to keep them in working condition and to prevent them from deteriorating. The Highway Department is also continuing its efforts to repave roads on a regular schedule so major roadwork is minimized. The Recreation Department's program costs increased to provide more community related activities.

Warrant articles this year total approximately $378,704 for the following items: repairs to the Meeting House belfry, equipment for the Highway Department, an increase in the hourly wage for the volunteer fire department members and some equipment for the same department and, a cruiser and firearms for the Police Department. Of the total amount for warrant articles, $134,904 will be taken from capital reserve accounts while $243,800 are new expenditures.

We are pleased with the use of a Capital Improvement Plan in the development of the budget and hope that this document will be reviewed and updated annually. We do have some concerns however, with the lack of direction in the needs for town buildings. More direction needs to be made in this area so planning and budgeting can be properly addressed without causing sharp budget increases at times when the town can least afford changes.

In a related matter, the B.A.C. feels that there needs to be more oversight given to major funding commitments such as the reconstruction of Town Hall and the impending construction of a water system. The members strongly believe that contract schedules should be established and that performance bonds should be required for any such projects to protect the Town's interests.

The Budget Committee discussed the warrant article calling for a Town Manager form of government and agrees that its time has come. Managing a two million dollar budget that requires professional development and adherence to contracts, management of town offices, and supervision of personnel requires daily oversight that is extremely difficult to even the most conscientious of Selectmen who hold full-time jobs of their own. The complexity of managing a growing town requires more careful planning if we are to receive the most for every dollar budgeted. As the town changes, we need to be able to effectively manage our growth. It is now time to take this important step.

From time-to-time warrant articles are placed on the ballot that do not incur a direct town expenditure. In time, however, some do require expenditures of town funds for suppport or enforcement. It is the opinion of the B.A.C. that warrant articles should be fully explored and the potential for future expenditures explained to the Town.

Last year the B.A.C. had concerns over the amount that had accumulated in surplus over the previous years. Since then, the Selectmen and B.A.C. met with a representative from the Town's auditors. From that meeting we learned that it is in the town's best interet to develop and maintain a budget surplus that is equal to 5-10% of the Town's total annual budget (town, county and school). Such a surplus would protect the town from unforeseen emergencies and cash short-falls caused by revenue declines. The surplus is not to be perceived or used as a "saving's account" but rather as safety measure to protect the town from a sharp, unexpected budget increase from one year to another. We agreed with the Selectmen in building a surplus from unexpended funds for this purpose.

The B.A.C. has reveiwed the budget and agrees with the budget as presented. The Selectmen worked diligently to keep increases to a minimum while still making needed improvements. Our position on warrant articles is listed after each in the town report.

Finally, the B.A.C. would like to see a process whereby department heads are given more direction from Selectmen (or possibly, the proposed Town Manager) for the development of their annual budgets. For example, Selectmen would tell department heads that budgets should be submitted that do not increase more than a certain percentage over the previous year. Department heads would be expected to include in their budget proposal, implications of keeping budgets at a particular level so Selectmen can make informed decisions. Budgets would be developed without salary increases leaving that decision to Selectmen once the full picture of the budget is available.

We think this type of process would give Selectmen more control over the process. Department heads could still make the case for special needs that might exceed the recommended percentage. We think this process would also help to control expenditures during difficult budget times.

INDEPENDENT AUDITOR'S REPORT

January 23, 1995

Board of Selectmen
Town of Rindge
Rindge, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Rindge, New Hampshire, as of December 31, 1994 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards and Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Rindge, New Hampshire, as of December 31, 1994 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements, and schedule of federal financial assistance listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Rindge, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

REPORT OF THE PLANNING BOARD

The Board held 25 meetings in 1995, reviewing three minor subdivisions, two technical subdivisions and 15 formal site plans. Although subdivision activity has dramatically decreased over the years the Board has seen a steady increase in site plan applications involving non-residential development.

In December, the Board adopted the Capital Improvement Plan after many years of preparation. This comprehensive plan assists the Selectmen and the Budget Committee in knowing several years in advance what capital expenditures will have to be made and helps to keep the tax rate at a more even level. It is a process that is redone every year to re-estimate, reprioritize, and set a new time table to fulfill future capital needs. Many thanks to the committee members who worked hard and spent many hours preparing the data.

The Shoreland Protection Ordinance was adopted by the town at the 1995 Town Meeting in an effort to protect the many waterbodies located in town. The Board will revisit this ordinance over the next year to determine what, if any, changes need to be made.

Late in the year, the Board was notified that the Federal Government, through the Federal Emergency Management Agency (FEMA) intended to require Rindge to adopt a floodplain ordinance to comply with the Nation Flood Insurance Program (NFIP). Penalties and the possibility of being refused insurance could apply to those who own homes in these zones if the town did not cooperate in adopting this regulation. The Board felt this was an unnecessary mandate as Rindge has not had flooding problems and questioned the apparently arbitrary manner in which the zones were determined. We have asked to be removed from the program until further studies could be conducted.

Franklin Pierce College was active this year building a new maintenance building on Route 119 and constructing a 75,000 square foot multi-purpose air frame structure. This unique facility is an amazing sight to see and will be used mostly for year round recreational activities and social events for the College. It also promises to become a community asset as officials at the College have offered to extend the usage of the facility to the residents of the greater Monadnock Region.

In November, Douglas Gilroy resigned his position as Chairman, however, wished to stay on as a regular Board member. John Vorfeld was elected by the members to take over the Chair. Alternate Richard Isakson was appointed to a permanent position filling the remaining term of former Chairman, Marion Winters, which expires in March of 1996. In October, Alternate Ann Hawthorne resigned and Sharon O'Keefe was appointed as a new alternate. There are still two alternate positions available and anyone interested in serving the community in this capacity should contact the Board.

As anticipated, there has been further commercial development along the Route 202 corridor. The Board approved plans for a Shop & Save Supermarket, to be constructed next door to Wal-Mart, and Marketbasket plans on a 10,000 square foot expansion. Also new to Route 202 is a Sears store, an automobile dealership, a miniature golf course with a pro shop, now in the construction stage, and a take-out food franchise opened at Foggs Mini Mart. We expect more new businesses will be attracted to this area and the Board will continue its practice of working to provide a balance between development and keeping Rindge an attractive, safe and enjoyable place to live.

REPORT OF THE BOARD OF ADJUSTMENT

The Rindge Board of Adjustment had a busy year. They met 11 times throughout the year to hear 20 requests. The members also went on two site reviews to look first hand at the requests.

The Board acted on these requests: granted three requests to fill in wetlands after listening to opinions from the Conservation Commission; granted two home occupations - one was revised from a prior hearing; denied two variances; granted permission to build within 50' of a body of water but denied a request to replenish sand on a beach under the Shoreline Protection Ordinance; granted 7 requests to expand homes under the special exception for non-conforming use; granted a special exception to increase the height of a structure; rendered two opinions that requests did not need to be heard by the BOA; and denied two requests to have cases reheard. They also met with the Planning Board on one occasion.

The Board lost the services of Susan Wolterbeek and Jayne Engel. Phil Stenersen and Dennis Casey were made regular members along with Norman May, Redvers White, and Richard Mellor. Paula Sumner and Jeanne Carguilo remain alternates. Several members attended the annual workshop for the BOA in Concord in May and in Keene in October.

REPORT OF THE RECREATION DEPARTMENT

Thanks to you, the residents, students and businesses of Rindge, 1995 proved to be a great year for recreation. Throughout the year, children, adults, seniors and families were seen at events such as the Easter Egg Eggstravaganza, the "Smith Social Pavilion" dedication ceremony and performances, the Halloween Fun Night, and the Tree Lighting Ceremony, as well as programs such as the youth league sports, the summer day camp, Friday Fun Nights, tennis lessons, aerobics, men's basketball, oil painting classes, golf lessons, co-ed volleyball, soccer camp, the basketball clinic, karate classes, ski lessons, vacation week activities, and many more.

These successful programs will continue into 1996, and we will continue to try new and exciting ventures in the years to come. As always, if you have any program, trip or event ideas that you would like to see offered for the Town of Rindge, please do not hesitate to bring them to my attention. During this past year, the teen Battle of the Bands, and the kids Karate classes both started with ideas from residents, and were very successful!

This year was one of community spirit and cooperative efforts. The RYAA and the RAMS organizations continue to support the Recreation Department through volunteer energy and enthusiasm, and remain as active, and important influences on the success of this department. There were also other community individuals that donated generously to the benefit of the Town of Rindge. These people include: The Friday Fun Night volunteers, Peter Bumpus, Eric Richard, The Community Playground Maintenance group, Felix DeGrandpre & the Tennis Court Maintenance group, the businesses that donated funding or supplies to our annual events, the students at Franklin Pierce College who have helped out with the planning and running of events and programs, and the Monadnock Mountaineers 4-H Club who helped us with the Easter Egg Eggstravaganza and the Tree Lighting Ceremony. To These people, as well as to everyone else that contributed their time and efforts during 1995, THANK-YOU, and I look forward to working with you all again in the years to come!

10. Hunt Hill from Middle Winchendon Road to Route 202, 4,300'. Ditch cleaning, 200' underdrain, overlaid existing surface with hot top.
11. Hillside Cemetery rebased, placed geotextile fabric and finished with two coarses of hot top on the two remaining avenues.
12 Town Office at Payson Hill Road, base coarse of hot top on the gravel portion of the new parking lot.

The Highway Department in 1995, paved approximately 6.5 miles of road, which meets the 10% goal or 6 miles per year the Department should be doing.

Peter Anderson applied for three grants offered by the State of New Hampshire and Wal-Mart, for recycling projects and received a total of $15,185.

Many thanks to Paul Gavin of FAMM Inc. for their donation of the flag pole on the West Rindge Common.

This years "Sidewalk Superintendent Award" goes to Beryl Taylor for her assistance with the Wal-Mart grant, and her part in the decorated Christmas tree and the top of the flag pole on the West Rindge Common. On behalf of the Highway Department and the Town of Rindge, Thank You for your help.

REPORT OF THE BUILDING & FIRE SAFETY INSPECTOR

In 1995 the Town of Rindge issued 96 Building permits (15 Single Family Dwellings), 314 Sub trade permits, and issued 68 occupancy permits. In 1995 the Building Department expended $47,797.42. Revenue received in 1995 from permits was $27,482.90. This equals a net cots of services of $20,314.52.

Rindge continues to be a busy, growing community. As I stated last year, the "ISO" (Insurance Services Office) will be instituting a program in 96, which will evaluate every municipality with a grading system, called the "Building Code Effectiveness Grading Schedule". This will be an evaluation of the Code Enforcement effectiveness of the town. The town will then receive a grade. This grade will directly affect our property insurance rates. The grade we receive will be reevaluated on a five year rotation.The ISO is the same outfit that has been grading our Fire Department capabilities right along. The purpose of the evaluation is to bring more accurate insurance pricing and safer buildings. Additionally, the insurance industry feels that the towns with effective codes that are well enforced, should demonstrate better loss experience and should therefore receive more favorable underwriting recognition, and those without effective codes should receive less favorable rates. Without a locally adopted building code, we cannot receive a passing grade. Codes make a level playing field for all builders to abide by. Codes make our town safer, and reduces our overall emergency services long term costs. All codes have the same purpose; to protect the public health, safety, and welfare, by requiring safe construction. Codes provide standards for the design, and construction of homes and businesses. Codes are used by architects, contractors, builders and material manufacturers to ensure safety, economy and consistency of construction. You as a homeowner have a substantial investment which can be seriously jeopardized through code violations.

We have today, the authority granted to us through the RSA's, to enforce the State Fire Code. This code consists of several other codes including the BOCA Building Code and Life Safety Code. The Life Safety Code consists of non structural Life Safety requirements and concerns only. The Life Safety Code applies to all occupancies. The Building Code portion of the State Fire Code does not apply to one and two family dwellings, this stops short of covering one and two family dwellings for anything except life safety concerns. A local building code (BOCA adopted on the local level), will fill in the gap and give us a favorable rating with the I.S.O.

This year the Buidling Department attempted to introduce a ballot question for the adoption of the BOCA building code for a local building code in Rindge. The public hearing process for the adoption process was proposed and conducted through the services of the Planning Board. Two public hearings were held in Rindge to receive input from voters. At the second public hearing on February 5, 1996, a meeting heavily attended by local building trade professionals, the Planning Board decided not to recommend the adoption of a local building code for Rindge and voted to withdraw the proposal from the ballot. If in the future we can gain support for a local building code, we may introduce it again.

I would like to take this opportunity to thank the Planning Board for their help and the community for their cooperation and support of the efforts of the Building Department.

Thank you!!

Respectfully submitted,

Scott R. Ellis
Building & Fire Safety Inspector

REPORT OF THE EMERGENCY MANAGEMENT DIRECTOR

Thanks to a radio on Loan from the Fire Department, local communications can take place between the Emergency Management personnel, the Town Office personnel and the Rindge Highway, Police and Fire Departments.

Direct communications with the Concord Emergency Operations Center for the State of New Hampshire is now possible with the recent purchase of a 60 WATT low-band radio.

I have attended twenty-four hours of seminars and conferences pertaining to emergency management.

The Emergency Management budget for 1996 has been reduced. Operational goals have been completed, therefore allowing future operating expenses to be less.

PRIORITIES FOR 1996: To establish a local emergency planning committee for the purpose of meeting the SARA Title III Community Right to Know Act. To appoint a Deputy Director who would assist in completing and up-dating emergency plans and projects.

My thanks to Craig Clark for helping to establish the Emergency Management communication network for the Town of Rindge.

As we move into the mid-1990's, we continue to see the criminal justice system evolve. We are still learning lessons from the private sector, still trying to clarify our role in our community and still trying to figure out how to make the most of our limited resources.

The participation by the Town in the Cops-Fast program has, for the first time, given us the flexibility to shift our focus from efficiency i.e. arrests, citations, etc., to effectiveness i.e. making our community a better and safer place in which to live. Our Community Services Officer has already spent more than 280 hours, some 20% of his time, in direct community contact and scores more hours in training. This contact has been primarily with our youth in the schools where the greatest return, we believe, will be realized now and in the future.

In summary, the demands and expectations of law enforcement are constantly changing. To continue to be successful, we must adapt to these demands by making the necessary shifts in operations and philosophy and be bold enough to examine, adapt and adopt new and radical approaches to the challenges we face. Together, we can make a difference.

REPORT OF THE INGALLS MEMORIAL LIBRARY

It's been an interesting year to say the least. After recovering from the water damage that occurred in March, we had a wonderful 100th birthday party in July. The birthday party was the highlight of the year. The staff thank all for their generosity in purchasing books and other various donations. A special thanks to the many volunteers that helped to make it such a great day.

A building committee was formed in January and we are working towards an improved library addition and renovations to the existing library. John Wheeler graciously accepted the job as Chairman and other members of the committee include Jack Dark; trustee and liaison to the group, Doug Gutteridge, Steve Hornak, Dick Isakson, Dick Kipperman, Nancy Little, Lawrence Peabody, and myself. Conceptual plans for the addition were developed by Tennant & Wallace Architects of Manchester. The plans have been available at the library and Town Office.

Thanks again to our faithful volunteers; Rose Dark, Joan Bray, Eva Hornak, Norm May, Nancy Little, Flossie Hastings, Betsy Harper, Joan Williams, Thea Durling, Marcy Anderson, Priscilla Leslie, Barbara Walsh, Margie Wetherbee, and Martie Hosie. They always do a wonderful job and we would be lost without them.

Our miniature replicas have sold quite well this year and we have added the "Smith Pavilion" and snow covered trees to the "Buildings Around Town." Other buildings available are; Library, Meeting House, West Rindge Methodist Church, Post Office, Rice House, Fire and Police Station. They are exquisite pieces of artwork made by Mr. & Mrs. Art Coache and proceeds benefit the Friends of the Library.

Our computerized circulation system has been in place for over a year and we are happy to report how pleased we are with the system. We now look forward to the next step of computerization which will include computers for the patrons to access the collection. When this becomes available the staff will be more than happy to provide assistance with the new technology.

Respectfully submitted,
Diane Gardenour
Library Director

INGALLS MEMORIAL LIBRARY
REPORT OF THE TRUSTEES

1995 was a big year for Ingalls Memorial Library. We formed a Building Committee for future expansion with Dr. Wheeler as chairman. We celebrated our 100th Celebration of the library in the same building and we look forward to the next 100 years.

We had a very disastrous flooding condition in March when our boiler/heating system went haywire, probably causing more damage in the museum section in the basement than anywhere else in the library. Due to this and other factors, the Historical Society and museum moved to their recently purchased Allen House on School Street.

We would like to take this opportunity to thank the Librarians and staff, Mrs. Diane Gardenour, Mrs. Jeanne Olson and Mrs. Lisa Wiley, as well as our numerous volunteers for all their good work and efforts on behalf of the Library.

We do plan on an addition to the building which we hope will last for the next twenty plus years. We will be equipped for ADA as well as putting in a new electrical and a new heating system. We will be asking for the support of all Rindge residents to effect this move.

Respectfully submitted,

Robert F. Shepherd, Chairman

Gail Smith, Trustee
Nanette Reckart, Trustee
Susan Leven Wessells, Trustee

REPORT OF THE HISTORY COMMITTEE

The Rindge History Committee, as in the past, collects information pertaining to houses, any old structures, and events of the past. This Committee is also collecting genealogy. We continue to assist those who contact us in search of information about their ancestors, genealogy, as well as cemetery records.

Linda Bussiere remains active within the schools as a volunteer bringing history to the students in many ways. She lectures to them, as well as arranging history tours for local students along with Jim Jenkins. Linda also adds right along to the old house records.

All members of the History Committee are also members of the Rindge Historical Society, so many of the events and projects come together.

During this coming year the Meeting House will be two hundred years old and discussion is already taking place in regard to this event. There will be much to do before the bicentennial, special events will be planned. The town officials, as well as Congregational Church Trustees and the Historical Society are already considering what projects should be done before the event, these would include work to the Town Hall/Meeting House, as well as the Horse Sheds.

If you have old pictures of Rindge that would be of interest, please share them with us. You need not part with your old pictures, as they can now be reproduced in minutes and you come away with the original in hand at a very small cost. Please consider this, as there is no other way for us to obtain them.

If you have an interesting family history or story or have knowledge of events from the past, please write them up and send them to us, as we are looking for just this kind of material.

There are still many things to be done, if one is looking for volunteer projects please consider us.

During this past year, long time member of the committee, William Davis and his wife, Hope, sold their home in Rindge and moved south. We wish to express our thanks to Bill for the twenty six years he served on this committee and for his contribution in the writing of the second volume of Rindge history.

REPORT OF THE CONSERVATION COMMISSION

The Rindge Conservation Commission (CC) monitors and protects the natural resources of Rindge. Its members review dredge & fill applications and make recommendations to the Rindge Board of Adjustment, Planning Board, Selectmen and the N.H. Wetlands Board.

During 1995 the CC held eleven meetings, reviewed seven dredge & fill applications and investigated six wetland violation complaints, four of which were considered to be valid and which were reported to the appropriate authorities for action.

CC members continued to monitor Rindge gravel pits by visiting thirty-three sites on eight Saturday mornings and reported their findings to town officials.

Members advised townspeople concerning wetland laws, acted as liaison with the Monadnock Conservancy, walked the Contoocook Conservation easement, completed an environmental questionnaire and reviewed the FEMA Flood plan and the Shoreline Protection Ordinance.

The CC meets on the 4th Wednesday of each month at 7 PM at the Ingalls Memorial Library with the public invited to attend.

Respectfully submitted,

TRAINING AND BUILDING/APPARATUS MAINTENANCE

Manhours Pd.	Donated	Total Manhours
1,523.25	581.50	2,104.75

1995 records the busiest period in recent years logging 274 incidents that the Rindge Fire Department responded to, with training and maintenance contributing to over 2100 manhours.

Some of the more sophisticated equipment purchased by this department to better serve the Rindge community, are a state-of-the-art carbon monoxide detector that enables the department to pick up the slightest presence of any monoxide gases along with a variety of other types of gases that may be harmful to our health. Also purchased this year, is a power vent that replaces the old fan type used in ventilating smoke or fumes from a building and a port-a-tank that folds and is carried on the side of the tanker and lets us create our own reservoir of water.

Certainly, our largest purchase was our new fire truck, however, before we talk about the "new" truck, we need to explore what led to its purchase. In 1969, a truck committee was put together comprised of officers and firemen of the Rindge Fire Company. They worked extremely hard and presented the town a set of specifications. The town then voted and purchased a 1970 four man cab Sanford fire truck that carried over 600 gallons of water and the necessary equipment to suppress fires.

When it arrived, it was dubbed a "show or parade piece" because it had a mid-ship pump and a chrome bumper. It was a "city" truck and would not fit into the rural setting of Rindge. Thank goodness that committee back in 1969 had the wisdom and foresight to spec out a truck that was to be the mainstay of the Rindge Fire Department for 25 years.

Again, in 1994, a truck committee was put together to draw up specifications for a new truck that would see the Rindge Fire Department propelled into the next century with a piece of equipment that is second to none in the business of fire suppression. Using the wisdom and foresight expressed by their predecessors, this truck committee put together a truck that will carry 1000 gallons of water, hose, a 1250 gallon midship pump, its own generator system for lighting and both "A" and "B" foam for better fire penetration.

This committee donated hundreds of manhours in research and meetings in order to bring to Rindge the very best piece of apparatus available. For this reason, we submit to you, their names and dedicate this report to them. They are Chief Bob Lapointe, Deputy Chief Scott Ellis, Captain Craig Hoyt, Lieutenants Ken Whicker and Tim Murphy along with Firefighters Jon Flagg and Edward Hoard.

Chief Lapointe and Deputy Chief Ellis traveled to Shawano, Wisconsin, to the 3-D Manufacturing for a final inspection of the truck before it was brought to Conway Associates in Haverhill, Massachusetts, for installation of its equipment. Placed into service, the "new" mainstay of the Rindge Fire Department made its debut at an early afternoon structure fire.

The Rindge Fire Department will display the new 26M-1 fire truck at a spring open house, however, if anyone would like to view the truck sooner, there is a standing invitation to come to the Rindge Fire Department any Sunday morning. Any member will be more than eager to show off the new addition.

Thank you Rindge community!

Respectfully submitted,

Board of Firewards

Chief Bob Lapointe
Deputy Chief Scott Ellis

HOME HEALTH CARE AND COMMUNITY SERVICES
REPORT TO THE TOWN OF RINDGE
JANUARY 1, 1995 TO DECEMBER 31, 1995

ANNUAL REPORT

In 1995, Home Health Care and Community Services (HCS) continued to provide home care and community services to the residents of Rindge. The following information represents a projection of HCS's activities in your community in 1995. The projection is based on actual services provided from January through September 1996 and an estimate of usage during October, November and December.

Outreach	4 Visits	0 Visits

Total Unduplicated Residents Served: 104

Regularly scheduled wellness clinics, child health clinics, prenatal and hospice care are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 1995 with all funding sources is projected to be $204,869.79.

The total cost of services provided for a partial fee, or at no charge to residents in 1995 is projected to be $5,086.24 for home care.

For 1996, we recommend an appropriation of $9,000.00 to continue home care services at the current level.

Thank you for your consideration.

REPORT OF THE
JAFFREY VFW MEMORIAL AMBULANCE, INC.

The following report was submitted by the Jaffrey VFW Memorial Ambulance so the taxpayers of Jaffrey and Rindge could appreciate the savings in their budget from this free service. The ambulance service remains strong due to the generous donations and support from the townspeople of Jaffrey and Rindge as well as the dedication of the members on the squad. The EMT's and Auxiliary Members affiliated with the Jaffrey VFW Memorial Ambulance, Inc., do not receive any compensation for their time, however, in this analysis the cost saving is calculated by using a compensation rate of $7.00/hour, the average pay of a call firefighter.
